

ABOUT ME

As a developer who is still learning and growing, I would like to take on a part-time teaching role at a fundamental level. I hope to support students with basic programming knowledge while also deepening my own understanding through teaching.

WORK EXPERIENCES

**Java Developer** 7/5/2025 - Present  
*Luvinva Jsc*

- Developed backend APIs using Spring Boot.
- Built frontend features using Vue Js.
- Fix bugs and support existing features.
- Use Git for source code management.
- Integrated REST APIs and handled data flow between frontend & backend.
- Work with PostgreSQL and write SQL queries.
- Participated in database schema design and system feature design.

PROJECTS

**Apartment management** 6/1/2025 - 30/3/2025  
Team size: 5

- **Roles:**  
Designed and implemented the **database structure** for the system.  
Developed features for **apartment management** for both residents and administrators.  
Built modules to **manage expenditure reports and financial records**.  
Created a **dashboard for statistical reports and data visualization**.
- **Technologies:** Java Servlet, JSP, JDBC, SQL Server
- **GitHub:** <https://github.com/LuanNDHE180066/apartment-management>

PRIZES AND AWARDS

**EXCELLENT STUDENT**  
(28/10/2024)  
Academic Achievement Award  
FPT University

**EXCELLENT STUDENT**  
(6/3/2025)  
Academic Achievement Award  
FPT University

EDUCATION

**Software Engineer**  
2022 - Present  
**FPT University**  
GPA: 8.3/10

CERTIFICATES

**SOFTWARE DEVELOPMENT LIFECYCLE**  
(9/2024)  
coursera.org

**Information Systems (5/2024)**  
coursera.org

SKILLS

Programming Languages: Java Core, Spring Boot, Vue js.  
Database: SQL Server

LANGUAGES

**English: TOEIC equivalent ~700**  
(FPT Software Entry Test)

ADDITIONAL SKILLS

- Teamwork
- Problem solving
